| Order #        |                       |

WI Taxing Entity Name if Applicable

Fine Print

1. List the office location where each license or group of licenses will be used.
2. This tax includes all other taxes that occur in your local WI tax jurisdiction. If the office purchasing a license is outside of Wisconsin but the licenses will be used in Wisconsin, then the company purchasing the licenses is responsible for paying the appropriate sales taxes to the State of Wisconsin. The tax amount will be included in the credit card invoice we will send you.
3. This add-on requires access to ArcGIS software. A basic ArcSLAMM toolbox is available for free from GeoTREE, the ArcSLAMM Plus developers. Go to [www.winslamm.com](http://www.winslamm.com) for the link. ArcSLAMM Plus allows GIS users to directly access standard land uses.
4. To pay by credit card, send the completed form to [johnvoorhees@charter.net](mailto:johnvoorhees@charter.net). You will receive an invoice by email. Press the "Pay Invoice" button, enter the requested information, and submit. Upon approval, we will send you the download information.

**Terms: Software Shipped Upon Receipt of Payment and Order Form with Recipient Offices Listed**
